The conditions for this competition were discussed and agreed upon. The only item regarding this Competition which could not be finalised was the Figures to be used. It was agreed therefore that when the 2009-2013 FINA Figure groups were published the Secretary should select appropriate figures for the Committee to agree. The Conditions for the Competition to be published on the Yorkshire S.A. Website.
- e) Development:  
The development day held in June was a success and the criteria for selection of swimmers for the Development day in September was agreed. This is to be 6 swimmers from each Club. The swimmers should not have attended the Development in June and should not be attending Regional Development or Multi Regional Development training.  
  
The Yorkshire Grades for our Synchronised swimmers has been initiated and promises to be well received. We will be training Examiners on an ongoing programme and grading swimmers as and when required. The Secretary has designed Certificates and Examination sheets so all is in place. At some time when the Committee is able to assess the numbers required we hope to have some Badges for the Grades.
